## WHY EIRTECH TECHNICAL SERVICES?

- We have global experience in preparing aircraft for transition and managing it through the re-delivery or delivery process through our application of project management, lease interpretation, commercial awareness, and technical skills.
- We provide technical expertise to support airlines and engineering departments
- We ensure on schedule delivery.
- Our Technical Services team work as part of a greater team, which includes working closely with other areas such as Part 21, CAMO, Composites, and Paint & Graphics.
- We provide a comprehensive review of aircraft technical records to ensure the integrity of the data and documentation management.
- We provide a comprehensive physical inspection of aircraft.
- We liaise with all parties including Lessee, Lessor, Airline departments, MRO and Engineering facilities.
- We identify and resolve contractual or operational conditions or issues.
- We monitor and control transition costs throughout the project.
- We also have structural specialists available for audits consultation and inspections.
